

LEADING ISSUES IN DEMAND ON CURB

Weakness Develops Following Firm and Active Opening, but Offers Increase.

CALLS FOR MOST STOCKS

Higher Priced Industrial and Oil Shares Are Especially in Demand.

There was renewed demand for all the leading curb issues yesterday. The opening was firm and active, but before the end of the first hour weakness was found in several issues, but offerings were heavier. The heavier undertones were short lived and in the early afternoon there was heavy demand for nearly every issue in the list, particularly for the higher priced oils and industrials.

The afternoon market was featured by a constant demand for the Sinclair shares, both selling several points higher on heavy transactions. Midwest Refining was more than a point higher and gain of about five points was shown by Standard Oil of New Jersey. International Petroleum moved two points forward in the last hour. Merritt Oil gained almost a point and Allen Oil was slightly higher.

Heavy dealings occurred again in Allied Packers and United Retail Stores, both of which sold several points higher on heavy transactions. Coal stocks were in good demand, with advances of three points in Parrel Coal and National Ice and Coal. Savord Tire issues also were firm. Large advances were shown in Remington Typewriter, Air Reduction and Camp Shipbuilding. Excelsior Tire was steady and there was better demand for the motor stocks.

Attention in the bond group was directed to the Russian Government external. Although it was announced that the Russian Government could not provide for the payment of the 6 1/2 per cent bonds, which matured yesterday, they advanced a point on light trading. They will be dealt in but not taken up by the Russian Government. Consolidated Copper 7s opened a ten point advance.

Total sales and range of prices follow:

Table with columns: Name, High, Low, Last, Chgs. Includes stocks like Aetna, Air Reduction, Allied Packers, etc.

STANDARD OILS

Table with columns: Name, High, Low, Last, Chgs. Includes stocks like 3000 Allen O., 4000 Alliance Oil, etc.
